Summary

I'm a machine learning enthusiast who is completely passionate about finding exciting insights from real-world data. I am currently learning Advanced python. How to handle complex tasks in python.

Over the last few months, I've worked with many libraries in python. which helped me a lot.

- Virtual mouse Project. (https://github.com/lokendarjangid/virtual-mouse-new)
- Html generator Project. (https://github.com/lokendarjangid/html-generator)

I used python libraries such as OpenCV, NumPy, pandas, and matplotlib for doing these projects.

I am also learning frameworks like Flutter to enhance my knowledge and create new things.
